

SENTIMENTALIST 25

THE THIEVES OF KAILUA
SELF-TITLED (MILL POND)

Tiki done à la Beach Boys in this vocally-rich and occasionally humorous release. Harmonies galore, with Pacific Islander instrumentation and the title track ("Thieves of Kailua") being the stand out. It's the Caribbean-style horn lines that separate this release from cruise ship purgatory; adding a bit of calypso to the hazy lounge atmosphere. --
